

I am not only a satisfied listener of K-LOVE on 91.9 out of Monticello, Florida, but I would be distraught if I had to give up listening to this station. I have been a faithful listener since the station became available to Tallahassee and the surrounding area. It was the first FM commercial-free Christian station in the Big Bend area. The music is awesome and, as K-LOVE states, it is encouraging and positive. Please keep it available to us. Thank you.
